

## Strataglass Care & Maintenance for Clear Vinyl

*This information is provided by [www.strataglass.com](http://www.strataglass.com), please check manufacturer's website for any changes or updates to maintenance or warranty.*

Strataglass recommends using only IMAR Products. IMAR Strataglass Protective Polish, IMAR Strataglass Protective Cleaner, and mild soap (preferably IMAR Yacht Soap Concentrate) on Strataglass. (Strataglass no longer recommends the use of any other products, regardless of the manufacturer's claims.) Use of harsh cleaners like "Simple Green and Orpine" will dull the curtains quickly. Using any other product(s) void the factory warranty.

- NEVER use a wash-and-wax product on Strataglass.
- WARNING – Use of Rain-X, Pledge, or Plexus on Strataglass appears to work for a short time but then dulls the surface and presents an "Orange Peel" effect. Do not use any of these products.
- Use of cleaners, polishes, scratch removers, or any other product made for regular, uncoated vinyl will damage STRATAGLASS. Do not use these products.
- DO NOT HANDLE STRATAGLASS (OR ANY VINYL) WITH SUNSCREEN ON YOUR HANDS! This will permanently cloud the vinyl where handled.

### GENERAL MAINTENANCE

When New: 3M Adhesive Remover may be used to remove glue left from fabrication. Final clean with IMAR Strataglass Protective Cleaner. Strataglass recommends using IMAR Strataglass Protective Polish as the final step in installation to provide a base of protection and good watershed.

**For the customer:** Strataglass recommends using IMAR Strataglass protective Polish every 1 to 2 months. In the interim, use IMAR Strataglass Protective Cleaner frequently.

**Note:** All new vinyl can easily get impressions in itself. Strataglass recommends new enclosures be left in place to the extent possible. Vinyl "seasons" over time and becomes less impressionable. Roll all curtains down and fasten in place nightly to keep perfect appearance. (Review at [www.strataglass.com](http://www.strataglass.com)).

**Cleaning:** Flush thoroughly to cool the surface and rinse away environmental abrasives. Wash with IMAR Yacht Soap Concentrate, or other equally gentle and high quality soap. Apply the soapy water to the clear vinyl section of the curtain with special purpose washing mitt or soft cotton cloths. Thoroughly rinse the soapy solution with fresh water and completely dry the curtains with a high quality chamois (Swobbit.com makes several tools to make these tasks easier). After washing the curtains, apply IMAR Strataglass Protective Polish sparingly with small, light circular motions using a soft cotton cloth. Allow the polish to dry

and then remove with a clean soft cotton cloth. Finally, lightly buff to a sparkling shine. For routine maintenance between polishing, use IMAR Strataglass Protective Cleaner. Insure the clear vinyl panels are free of abrasives. Very lightly mist a soft cotton cloth. Lightly and briskly rub a manageable sized area and then lightly buff dry with another clean cloth. Strataglass recommends using IMAR Strataglass Cleaner at least weekly.

**Restoring:** Strataglass once recommended a restoration process but their extensive experience shows actual damage cannot truly be repaired. If IMAR Strataglass Protective Polish cannot restore the clarity and shine, it may be time to consider replacing the enclosures. **Please the Strataglass recommended procedures and products from the beginning.**

IMAR Yacht Detailing Products: Contact IMAR Products, LLC at 703.330.4693 or [info@imarsales.com](mailto:info@imarsales.com) to discuss cleaning requirements or comments about IMAR products. Or visit our website at [www.IMARsales.com](http://www.IMARsales.com) for a complete list of distributors.

## **General Product Warranty**

Please visit [www.strataglass.com](http://www.strataglass.com) for full details. There is no specific warranty on the products Strataglass produces, beyond the following:

Strataglass will replace, at no charge, any product found to be faulty upon inspection or during fabrication, provided that all of the material requested to be replaced is returned, whether cut or not.

Products found to have failed in the field within an unreasonably short period of time will be replaced, upon inspection and agreement it was an “undue” failure. Cases must be considered on an individual basis, and it will be at the discretion of Strataglass as to whether the situation is warrantable.

UNDER NO CIRCUMSTANCES, AT ANY TIME, WILL STRATAGLASS, LLC. BE HELD LIABLE FOR LABOR OR ADDITIONAL COSTS OTHER THAN THE VINYL ITSELF.
